

STUDYING FOR AN ENGINEERING
OR APPROPRIATE TECHNOLOGY
OR SCIENCE DEGREE?

**WANT HELP PAYING FOR IT AS
WELL AS A GUARANTEED JOB IN
THE RAF WHEN YOU GRADUATE?**

The Defence STEM Undergraduate Sponsorship Scheme (DSUS) will pay tuition fees up to £9250, a bursary of £5,000, plus up to £1500 in earnings for 30 days of training each academic year. In return we expect you to join your local University Air Squadron where you will gain unique, hands-on experiences participating in sports, adventurous training, opportunities for flying lessons and summer work placements on RAF Stations.

To apply, you must be studying a suitable Engineering/Cyberspace degree* and have your student loan in place. Interested candidates will need to complete a medical and fitness test before attending an Officer selection board at RAF Cranwell. Applications are open between 1 September and 31 March.

*See RAF website for details of acceptable Engineer / Cyberspace degrees.

**JOINING AS AN RAF ENGINEER OFFICER
WILL ALSO GIVE YOU BENEFITS INCLUDING:**

Subsidised housing

Sporting Opportunities
E-Sports

Free Dental &
Medical Cover

Worldwide Travel

Free Pension

If you are someone who has an interest in Engineering or Computing and wants to work on the latest cutting-edge technology and likes to work as part of a team, then this could be the job for you!
