

## Summer Internship

A four-week opportunity for students in their penultimate year or above, including postgraduate students

- Structured programme
- Supervisor, graduate buddy and intern ambassador for support
- Site visits, client meetings and collaborative work across the office
- Objectives and project to complete

We are committed to taking interns within our Commercial, Rural, Infrastructures and Planning & Development divisions in our hub offices and other regional locations.

This scheme is a great way for you to establish if you would like to be considered for a Graduate opportunity with us. Don't just take our word for it...
